PROFESSIONAL EXPERIENCE

- I trained at Ejada Company from July 1st to August 5th at Track Front-end Development.

- I worked on three freelance projects for a law firm: a landing page, a full website, and a big website Dashboard

- In the first years of college, I worked on web projects,frond by httml &css and java script and back end by php and machine learning projects, and I am currently studying in the graduation project.

- I worked on external projects that I obtained from the Devest event, from the Front end Monitor website.

- I did many assignments from other courses like MSP Tech alazhar
