PROFESSIONAL EXPERIENCE

- I trained at Ejada Company from July 1st to August 5th at Track Front-end Development.
- Developed and delivered 3 freelance web applications for a law firm using JavaScript and REST APIs. A landing page, a full website, and a big Dashboard
- In the first years of college, I worked on web projects, Front-end using HTML, CSS and JavaScript and back-end by php and machine learning projects, and I am currently studying in the graduation project.
- I worked on external projects that I obtained from the Devest event, from the Front end Monitor website.
- I did many assignments from other courses like MSP Tech alazhar
